

Medestar is a national multi-specialty locums company working with facilities across the country needing assistance on a part-time basis. Medestar takes care of the physician's malpractice insurance, reimburses for any travel expenses, and pays on a WEEKLY basis.

We invest considerable time and resources to ensure our providers are properly vetted, credentialed, and enjoy the most optimal coverage available. This establishes an excellent level of security to all of our clients and maintains long standing relationships with candidates who are ready to work for you.

Staffing**

Get the Coverage you need.

Medestar was established to bring customer service back into the Locum Tenens Industry.

Your Partner in Locum Tenens Staffing

We offer more than **30 years** of experience.

Medestar provides a professional and personal service for all of your physician and mid-level staffing needs.

Knowledge

Medestar's leadership has a detailed knowledge of malpractice issues, licensure requirements, and other regulations specific to each state and region. With a customized approach, **Medestar** increases your competitive advantage and decreases your risk.

Service

Medestar has noticed an increased usage of locum tenen providers as the daily responsibilities and pressures of the medical community increase. More and more, hospitals, clinics and even solo practitioners are turning to locum tenens to provide solutions for their staffing needs. **Medestar** can assist you with obtaining temporary physicians and allied professionals for vacations, maternity leave or medical leave as well as interim coverage while you recruit, weekend call coverage, and even "testing out" a new specialty.

Commitment

Medestar's quality assurance processes far exceed industry standards, assuring that our providers adhere to the highest level of clinical performance. Our ability and desire to resolve any issues and or complaints keeps our client's minds at ease.
